

Online Demat Account Modification (Re-KYC) Process Flow:

- For Demat/Trading Account Modification, the Customer must enter the Trading/Client Code and click the Send OTP button.
- When the customer clicks the "Send OTP" button, Istaa will send a six-digit OTP to the registered mobile number and email address to verify the information they supplied.
- If in the case OTP is not received after 60 second, client can click on "Resend OTP" to send the OTP again.
- If the OTP entered by the client is invalid, system throws message saying that the "OTP is invalid". Client can re-enter the OTP or else can wait for 60 seconds and click on "Resend OTP".
- After inputting the OTP, Client needs to click on "Login" button.

Modification:

- After mobile and email verification client can modify the required changes and submit the application.
